

Chenyu Lu

IB student and full-stack developer interested in AI and human-centered tools.

PROJECTS

PocketPilot – AI Financial Wellness App

Hack Canada 2026 | React Native, Expo, Firebase, Node.js, Express, Cloudinary, Gemini

- Built a mobile app for Hack Canada 2026 that uses AI to track spending habits from receipt photos
- Used Gemini Flash 2.0 and Cloudinary image enhancement to extract text from receipts
- Added authentication feature using Google Firebase authentication and stored information in Firestore
- Used Apple Maps geocoding API to visualize location of transactions

Vera – Physics Teaching Platform

Dart, Firebase, Firestore, Firebase Authentication, REST APIs

- Built and deployed a full-stack learning platform for my school's physics club using Dart and Firebase (Firestore, Authentication using REST APIs)
- Recorded and published structured video-based lessons for Physics Club students
- Aligned platform curriculum with the school standards by collaborating with the Head of the Physics Department
- Achieved 1,000+ unique users and 12,000+ requests in 30 days

Kosmos – Productivity Chrome Extension

React, Vite, TypeScript

- Built a React + Vite Chrome extension for the IB extended essay project with three productivity tools
- Made all information stored locally to ensure user privacy
- Created a to-do list with tasks, used Chrome extension APIs to track web time, and added the focus-mode feature

Markham, Ontario

SKILLS

Languages: Python, Java, C++, Dart, CSS, TypeScript, JavaScript

Frameworks/Tools: React, React Native, Expo, Flutter, Firebase, Firestore, Firebase Cloud Functions, Node.js, Express, Cloudinary, Git

AI/Cloud: Gemini API, REST APIs, Apple Maps Geocoding

Concepts: Data structures, OOP, algorithms

AWARDS

Canadian Computing Competition Senior Distinction (2026)

Euclid – Distinction, Score of 79 (2026)

5 on AP Calculus BC, AP Physics 1, AP Chemistry, and AP Computer Science A

CaYPT – Silver Medalist in Canada (2025)

OAPT – 17th in Ontario (2026)

Canadian Intermediate Mathematics Competition Honor Roll (2024)

EXPERIENCE

STR Physics Club— President

- Taught and created bi-weekly physics lessons for 30+ students
- Mentored students and took up past problems for upcoming physics competitions, such as OAPT and SIN

STR La Silhouette— Vice President

- Coordinated club activities and article production

STR STEAM ICAC— Executive Trainer

- Trained students for the 2026 Ontario STEAM ICAC Competition
- Mentored teams in developing solutions to real-world challenges
